Clark County School District - Abstract 2004-05

The Clark County School District (CCSD) overall GEAR UP plan includes academic enrichment strategies, professional development, parent involvement, tutoring/mentoring, program support systems, data collection/evaluation, and program oversight at each school location.

Year four of the GEAR UP program will target 10th grade GEAR UP scholars at the following CCSD high schools: Canyon Springs, Clark, Del Sol, Desert Pines, El Dorado, Mojave, Rancho, Southern Nevada Vocational Technical Center, Valley, and Western.

CCSD have assigned key GEAR UP team members who are directly involved with planning, coordinating, and facilitating GEAR UP activities. A GEAR UP Specialist will work with schools and parents to ensure that program implementation and data entry are consistent within the school sites. A full-time instructional assistant will provide services and coordinate GEAR UP activities district wide. An evaluator will assist in tracking GEAR UP students in this fourth year of the GEAR UP program. Each school site has developed measurable objectives and activities to support state-defined goals throughout the school year 2004-05.
